

DOOR to DOOR

Habitat for Humanity of Southeastern Connecticut Newsletter ■ Summer 2010

Building more than houses ■■■

929 or **26,141** What do you think these numbers represent? Well, in the last 12 months there have been 929 individuals who donated 26,141 hours to the mission of Habitat. They are people from every walk of life, from every faith or no faith, from every economic level. They range in age from teen to senior, are male and female, and they are our neighbors. They serve for a variety of reasons: some for a social outlet, others because they like giving back, and others to learn new skills. But whatever the reason, they chose this mission—to provide decent shelter for every man, woman and child on earth — to serve. We are deeply grateful for and humbled by their service. Often it is said that our mission is not about building houses, but about

engaging people in solving a great need, with the home a tangible outcome of that engagement. The strength of these numbers has given us hope and courage that we can do more to solve a great need. We ask for your continued service. We ask you to spread the word, for there is much more to do. ■

AmeriCorps Members

Welcome to new AmeriCorps VISTA member, Amanda Trothier, who will work on building the capacity of the ReStore beginning July 2010.

Lindsey Kieffaber

Construction AmeriCorps

"I grew up in Western Connecticut and was excited to be brought on as a construction AmeriCorps in my home state. I have learned a lot from the staff at Habitat SECT and the volunteers, not only in the realm of building, but about everything from cooking to politics to friendship and everything in-between."

Amy D'Amico

Resource Development VISTA

"I am amazed by how much I have learned during my service year — about both resource development and substandard housing in our community. I am from Ledyard and excited to be serving and helping create safe, decent housing in the community where I grew up."

Amanda Duntz

Volunteer Relations AmeriCorps

"AmeriCorps has given me the opportunity to dive into a job that I want to do for the rest of my life. No words can express the things one learns while being an AmeriCorps, but I know that each moment with this Habitat affiliate will only greater prepare me for the work that needs to be done. I am so grateful for the faith and trust that you have put in me. Thank you!"

Construction Corner

Habitat for Humanity of SECT builds the first LEED certified Habitat house in Connecticut.

Dominion makes the first LEED certified Habitat home in Connecticut a reality. On Sunday, June 27 Habitat dedicated a home that will become the model of environmental stewardship for all future HFHSECT major building/renovation projects. Not only is it a model for environmental stewardship, but it is also a model for excellent stewardship of donor gifts.

How was this accomplished? Using Habitat's greatest asset, volunteer labor, and tons of all sorts of caulk and sealers, the home is so well insulated that its heating and cooling costs will be nominal, and the price tag was minimal. Usually, when people talk about "green" homes, their thoughts usually include adding solar panels, geothermal heating systems—expensive items that can put a Habitat house out of reach for the families we strive to serve. Creating a tight energy envelope, however, is a big part of the "greening" of the home.

Other features of this project include: dual flush toilets, recycling scrap lumber and debris, plumbing supplies placed at the shortest possible distance from heating source (less to heat), landscaping with area-specific drought

resistant plants to create a yard which will require minimal watering and mowing, and much more.

Many thanks to the team of volunteers and contributors to this LEED certification process. It took hundreds of planning hours and months of meetings to devise the plan and execute it – all of which is an investment that will pay off in all future builds. ■

Leadership in Energy & Environmental Design (LEED) is an internationally recognized green building certification system, providing third-party verification that a building or community was designed and built using strategies aimed at improving performance in energy savings, water efficiency, CO2 emissions reduction, improved indoor environmental quality, and stewardship of resources and sensitivity to their impacts.

Below and right are some of the specific methods Habitat used to meet LEED standards.

Install attic vents; install Dow blue board at end of all roof rafters to prevent wind washing; caulk or foam in place.

Caulk all sheathing joints and holes and install blocking.

Install t&g plywood subfloor – glued and nailed on rim joints.

Projects That Need Your Help

Also underway are six projects expected to be completed in the next 18 months: four renovations and two new construction on Fitch Ave.

Above: Belden Street, Cape Ann Court, and Brainard Street houses. All three acquisitions and partial renovations are funded as part of the Neighborhood Stabilization Program and the City of New London, and are known as NSP 1, 2 and 3.

During the months of December and January Habitat was able to complete the environmental cleanup of the Fitch Avenue two-lot property. We are tremendously grateful to Lee Watrous for all his efforts to bring the cleanup to fruition; to the EPA and Jim Byrne; the CT Department of Environmental Cleanup and Michael Senyk; and the Connecticut Department of Economic and Community Development Brownfield Cleanup and Susan Decina for the funding and guidance to clean the property; to AECOM and Neil Thurber's Team; and Tantara for executing the cleanup, Ed Wenke of Site & Structures, LLC; Jim Bernardo of Bernardo Land Surveying; Norman Wood excavation, soil placement, road and sewer work; and Jerry Holmberg, a volunteer who for years managed all the reporting; and Peter Hoops and Robert Avena, attorneys who provided legal assistance. We are grateful to everyone who assisted in this effort and are relieved to be actually working on building the homes. ■

Connecticut Avenue home being renovated by the Apostles Build faith partners.

New Construction

First Congregational Church of Old Lyme is sponsoring the *Women Build New Construction* in honor of Shirley Williams on Fitch Avenue. The photo on the right was taken during National Women Build Week and includes representatives from FCCOL, Neighborworks New Horizon, the City of New London Community Development Department, and Habitat. ■

New Home Owners!

The Werling Family
140 Hill Street, Jewett City

The Rivard Family
14 Davis Farm Way, New London

The Welsh Family
8 Town Street, Hadlyme

Special thanks to Attorneys Peter Hoops, Richard Simonson and Gerald M. Smith, Jr. for their pro bono work on each of these sales.

Family News

The Perkins Family – buying Fitch Avenue 2

I am a single mother of four children, and my life revolves around those children. Day by day I strive to provide a better quality of life for my children, as well as the children I teach on a daily basis at a day school. I am working hard to balance being a mother, holding down two jobs, and taking college classes to further my education and be more successful.

I want to be a part of *The Habitat For Humanity Program* to give my kids and myself a better life. I believe that it will offer me the resources and support I need to be a successful homeowner, as well as the opportunity to work on the building of my own home.

The Birriel Family – buying Fitch Avenue 1

A house for me & my family – that would mean everything to us as a family. A place that we call our own, where we don't have to worry about the neighbors complaining. We would grow closer together because we'd know that this is something that we need to work at to keep. A house for my children would show them what hard, honest work can get you, and that there are good people in the world that are willing to help you if they see you are on the right track.

A place we can come to and say, "Wow, this is our house." Knowing that we have a place where we can gather as a family, knowing it is our own space, puts my mind at ease. It will be a home we will cherish and care for knowing we made it together as a family.

The Lozada Family – buying Connecticut Avenue

Diana Lozada, a hardworking mother of a teenage son, is thrilled with the opportunity to learn about home maintenance, and even more excited about owning the Connecticut Avenue home. While her son has ideas about the back yard courtyard being a basketball court, Diana thinks it might make a nice seating area. Either way, they are happy they will have a home of their own.

Diana is pictured below with other Habitat homeowners on the Women Build site on Fitch Avenue.

DONORS – 2009

Gifts Received between January 1, 2009 and January 22, 2010

In Celebration of

Talia Campbell's Wedding

Open since April 2008, the ReStore has been an amazing blessing. We thank each and every donor, shopper, volunteer and staff person for their tremendous support and effort.

Since opening the store has contributed nearly \$360,000 to the mission of eliminating poverty housing by supporting the development of 6 homes in partnership with local families and 8 homes in partnership with international families in Egypt, Guatemala and Haiti. That's 14 families whose lives you have helped and/or changed by donating your cabinets, doors, windows, appliances, and recycling your treasures. That's 14 families who now have stable, safe housing because you volunteered your time to help run the store or pick up donations. That's 14 families no longer living in shacks or unhealthy shelter because you bought a gently used treasure from the store. Your gifts, combined with the financial and volunteer support provided by the many individuals, faiths, businesses, foundations, civic, government and organization partners who support Habitat's work, are changing the world – one family at a time.

Thank you and please spread the word about our work, our mission, the store, and stay involved in helping your neighbors.

Big Tent Event

On Saturday, April 24, Habitat for Humanity SECT hosted its *Second Annual Big Tent Event Auction of Contractor Services* at the ReStore.

Twenty-one contractors, covering a spectrum of home improvement services ranging from design, to painting, to electrical work, donated their services to the live auction. The proceeds will support Habitat's construction initiatives in New London County.

A hot breakfast was served on site by *Buford's Family Restaurant*. At 8:30 am, the crowd of bidders gathered in the Big Tent where they were greeted by ReStore Manager, George Warner; HFHSECT's Executive Director, Terri O'Rourke; and Habitat homeowner, Jennifer Werling. After a brief introduction, bidding began, presided over by auctioneer Brian Cole of *Quality Printers* in New London. The experienced auctioneer kept order under the tent while the bids rolled in.

Proceeds from the auction totaled \$7,501. We are grateful to all the con-

tractors, volunteers, bidders and supporters who contributed to the event. We look forward to seeing everyone (and some new faces) again next year!

Many thanks to all supporters or donors to the Big Tent Event:

Habitat for Humanity of Southeastern Connecticut is proud to be an Equal Opportunity Employer that supports and encourages diversity.

Youth Shine!

The Youth Programs Committee was kicked off this year with the first Annual **Nickels For Nails Drive**. Youth from throughout Southeastern

Connecticut were encouraged to run a change collection drive to help support Habitat for Humanity of SECT. The money raised is being put towards a fund to build another Youth United House right here in Southeastern Connecticut.

Some of the groups that participated this year are The First Baptist Church of Norwich, Three Rivers Community College, Dr. Charles E. Murphy School, Noank Baptist Church, Old Mystic United Methodist Church and

Waterford High School. Over \$700 was raised so far and more money is still coming. A huge thank you goes out to all of the schools and Youth groups who make this a success.

A special thanks to Dr. Charles E. Murphy School who raised the most money!!!

If you or someone you know would like to represent your school or youth group on the Youth Programs committee, Habitat would love for you to join. Habitat is looking for two youth from each school and youth group in Southeastern Connecticut. Throughout the summer the committee will be planning a county-wide, fun, youth event that will benefit Habitat. Please consider joining the committee and getting your group involved. Ideally we would like to have at least one youth to be an underclassmen. The committee will meet the second Tuesday of each month throughout the summer. Please contact volunteer@habitatsect.org if you would like to join the group.

Stay up to date with Habitat for Humanity of Southeastern Connecticut! *Like us on Facebook!* View photos, post photos, tag your friends in photos, post onto the wall, ask questions, meet other Habitat Volunteers and share in the excitement that comes along with helping to eliminate substandard housing. www.facebook.com/habitatsect
